

St. Munchin's College

Anti-Bullying Campaign

Incident Survey

Bullying behaviour by an individual or group can be verbal or written, it can involve interference with property, discrimination, exclusion, intimidation or even physical violence. It can be carried out face to face or by phone or computer. It is very unfair and disrespectful no matter what form it takes. Nobody deserves to be bullied. Nothing can justify this kind of behaviour. Anyone who knows of bullying behaviour taking place should report it, whatever form it takes.

If you have observed or are aware of any bullying behaviour in your class/year or in school recently, in which any particular student is being disrespectfully treated in any way by others, please write the details below so we can talk to those involved and ask them to stop. **If they promise to stop and then keep that promise they will not be punished, so you will not be “ratting” on them and everyone can get on with their lives. Thank You!**

If you are aware of any recent bullying incident(s) in your class or in school please indicate:

Name(s) of targeted students(s): _____

Name(s) of perpetrator(s): _____

Location: _____ Day: _____ Date: ____/____/____ Time: _____

Others who were there: _____

Were any of these involved, and if so who? _____

Details of exactly what happened: _____

Why do you think this school does not accept bullying? _____

How do you think bullying affects people? _____

The information I have given above is true.

Signed: _____ Class: _____ Date: ____/____/____
