

First Year Booklist 2022/2023

All students should have a long spiral key-ring similar to one shown below for their locker key. In addition, students need approximately 10 B4++ folders (A3 folders are too big for their lockers). Each folder will hold all books/workbooks/copies etc. that the student requires for each subject. Each folder will then be labelled with the subject name and appropriate colour code.

Please see below items required for Technical Graphics/ Art /Coding

1st Year Graphics Kit

- Ruler
- 30/60 & 45 Set Square
- 3 Pencils: HB, 2H & 4H

The image above shows a full locker. To make it easier for the boys to access their books, we suggest to them that they organize their books in the above way. In the locker above 8 folders are stored neatly. Some are placed in the locker in a standing position and others in a side/flat position. At all times the student can see his subject label which means that he can access any folder he needs easily.

To ensure that there is a label in view to the student at all times, the boys need to place a subject label on three sides of the folder (the only side that won't have a label is the side with the zip). Placing labels on three sides of the folder means that regardless of the position that the student uses to store his books (standing or side), he will always be able to see the label.
