In addition to the procedures listed in our risk assessment, the following procedures support our intention to safeguard children while they are availing of our service:

- > **Procedure for the Management of Allegations of Abuse or Misconduct against School Personnel Relating to a Child Availing of Our Service**

- > **Procedure for the Safe Recruitment and Selection of School Personnel to Work With Children**
 - ~ The school is required to adhere to the requirements of the Vetting Act. The selection or recruitment of staff and their suitability to work with children, requires the school to adhere to the statutory vetting requirements of the National Vetting Bureau (Children and Vulnerable Persons) Acts 2012 to 2016, and to the wider duty of care guidance set out in relevant Garda vetting and recruitment circulars published by the Department of Education and Youth and available on the gov.ie website and as outlined in Chapter 10 of the procedures.

Examples of Activities, Risks and Procedures

The examples listed in this document are provided to assist schools in undertaking their risk assessment under the Children First Act, 2015. Schools should note that this list of examples is not intended to be exhaustive, and that the inclusion of an example of a policy or procedure on these lists does not make it mandatory. It is the responsibility of each school to ensure, as far as possible, that any other risks and procedures that are relevant to its own particular circumstances are identified and specified in the written risk assessment and that adequate procedures are in place to address all risks identified.

It is acknowledged that schools already have in place a range of policies, practices and procedures to mitigate the risk of harm to children while they are participating in the activities of the school and that some school activities will carry low or minimal risks of harm compared to others. In the context of the risk assessment that must be undertaken by schools, the Children First Act, 2015 refers to risk as “any potential for harm”.

Therefore, it is important that, as part of its risk assessment process, each school lists and reviews all of its various activities (which shall include identifying those that may carry low risk of harm as well as those that carry higher risks of harm). Doing so will help the school to:

- > Identify, as required under the Children First Act, 2015, any risks of harm that may exist in respect of the school's activities.
- > Identify and assess the adequacy of the various procedures already in place to manage those risks of harm.
- > Identify and put in place any such additional procedures as are considered necessary to manage any risk identified.

Online Safety

The Addendum to Children First: National Guidance for the Protection and Welfare of Children 2017 published in January 2019 clarifies that organisations providing relevant services to children should consider the specific issue of online safety when carrying out their risk assessment and preparing their Child Safeguarding Statement and Risk Assessment.

The Guidance on Continuity of Schooling for primary and post-primary schools (April 2020) advises of the importance of teachers maintaining the safe and ethical use of the internet during distance learning and assisting parents and guardians to be aware of their role also. Schools should ensure that their Acceptable Use Policy (AUP) informs and guides remote or distance learning activity.

Risk in the context of this Child Safeguarding Statement and Risk Assessment is the risk of “harm” as defined in the Children First Act 2015 and not general health and safety risk. The definition of harm is set out in the Children First Act 2015: “harm” means, in relation to a child— (a) assault, ill-treatment or neglect of the child in a manner that seriously affects or is likely to seriously affect the child's health, development or welfare, or (b) sexual abuse of the child, whether caused by a single act, omission or circumstance or a series or combination of acts, omissions or circumstances, or otherwise.

Review of the Child Safeguarding Statement and Risk Assessment

The *Child Protection Procedures for Schools 2025* require that the board of management must undertake a review of its Child Safeguarding Statement and Risk Assessment. **The following template must be used for this purpose.** The review must be completed every calendar year or as soon as practicable after there has been a material change in any matter to which the Child Safeguarding Statement refers. As part of the overall review process, boards of management should also assess relevant school policies, procedures, practices and activities and their adherence to the principles of best practice in child protection and welfare as set out in the school's Child Safeguarding Statement, the Children First Act 2015 and *Children First National Guidance 2017, the Addendum to Children First (2019) and 2025, Children First National Guidance 2017, the Addendum to Children First (2019) and (2025), and the Child Protection Procedures for Schools 2025.*
